PRE-PARTURITION RESERVATION CONTRACT

(City, State – Zip)

/

(e-mail / phone)

Snowden Family Farm (the “seller”) hereby grants to the above listed person or entity (the “buyer”) the right to a first-reserve, first-serve opportunity to set an appointment to reserve for purchase at weaning _____ wethers, _____ doelings, and _____ bucklings. The buyer has deposited one hundred (\$100) dollars per head towards the final purchase price of the kid(s) reserved. The seller will return this deposit if no kid(s) of the specified gender is available for sale. In the event that the buyer refuses to select any of the animals available, the buyer forfeits the deposit.

The seller agrees to contact the buyer at the e-mail address provided above when the kids are between two (2) and six (6) weeks of age. If no e-mail address is given, the seller will attempt contact via the phone number listed; a message on a voicemail, answering machine, or with any person who answers the phone is deemed sufficient contact. Once the seller notifies the buyer, the buyer will have two (2) full business days to contact the seller and set an appointment to visit and reserve a kid(s). Notification will be on a first-come, first-serve basis in order of payment of the reservation deposit. This contract does not guarantee that the appointments will fall in a first-come, first-serve basis, only that the opportunity to set appointments will be in that order.

If the kidding dates of the herd are farther apart than the two to six (2-6) week range given, then the buyer will be notified when the first kids reach six (6) weeks of age. The buyer will then have an opportunity to reserve from all kids between two (2) and six (6) weeks of age. If the buyer reserves a kid, this contract has been fulfilled. If, however, the buyer does not reserve a kid, then the buyer will be notified when the oldest kids not in the first group reach six (6) weeks of age, and will receive an opportunity to reserve from all kids between two (2) and six (6) weeks of age, as well as any from the first group that have not been reserved. This process will continue until all kids have reached at least two (2) weeks of age, at which point the buyer will either have made a reservation or will forfeit the deposit.

This agreement may only be terminated by written consent of both buyer and seller, or immediately upon a breach of the contract by either party.
